RE: Postponement of AT 10-16
ABD Disability Determination Procedures

The Department of Health and Mental Hygiene (DHMH) and the Department of Human Resources (DHR) have decided to postpone the effective date of Action Transmittal 10-16, issued December 22, 2009 and scheduled to be effective on February 1, 2010.

The purpose of the postponement is to make clarifications and updates that will improve the usefulness of the Action Transmittal. In the interim, continue to apply procedures described in Action Transmittal 01-28. DHR will send a CARES broadcast message to all case managers to let them know of the postponement.

Please direct Medical Assistance policy questions to the DHMH Division of Eligibility Policy at 410-767-1463 or 1-800-492-5231, select option 2 and request extension 1463.
